

Notes for 2020-10-26 7:30 am? or 8:00 am?

2020-10-19 Dr. Nicole Pittman Notes
Phone Call // Me Following Up

2020-10-19

Called 1-504-496-5402 *Dr Nicole Pittman // Mobile*

- 4:02 pm *1-504-568-4091 Dr Nicole Pittman // office*
- 27m 17s
- On, 2020-10-23 8:00 am
- Go in go to right
- You will see hospitals
 - Right there is directory
- All the way down hall
 - You will see "tower 2"
 - Can see tower 2 elevators
 - 3rd floor on tower two elevators
 - Usually 3266 or 3267 (room numbers)
- When come in they will try to get me too register.
 - Note:
 - "EMU" unit has special exception.
 - To register me in tower 2 3rd.
 - *le they will come up to me.*
 - B/c of seizure potentials.
 - le with me waiting in "registration".
 - For extended length of time, during Novel Covid-19.

- And, or just me having seizure symptoms in “registration”. Whilst waiting to/or in process of being admitted to hospital.
- So, “EMU” instead will come to me once I am actually at the “EMU”.
- They will try to do this. But follow instructions instead from Dr. Pittman.
- If have issues call her cell again. *On Site*

Monday 2020-10-26

- Dr O will be there
 - Twice a day every day
 - Likely have one of his fellows there.
- EEG tech will be there every day
- Dr. Pittman will be there.
 - Only on Monday morning.
- EMU nurse *Every day. Only patient, only nurse.*
 - I am her only patient in her care at any given time.
- Bring the pill bottle
 - For my medications
- Button up shirt and such
 - Cannot pull anything over my head during EEG
 - So, stick to usual clothes
 - Ie with my shoulder issues and such.

Tuesday 2020-10-26

- Photic stimulation
- Breathing stimulation
- Psychiatrist on staff will visit on Tuesday.
 - Dr. McGee

2020-10-19 Notes – Medication

- Require bringing medications
- In the pill bottle only five-day dosage within the bottle itself
- This is because the nurses are not allowed to dispense from a pill dispenser.
- Only allowed to dispense from hospital pharmacy.
 - If patient does not bring in the original pill bottle.
- If bring medication in original bottle,
 - Then it will be “placed” within a separate “secure” area.
 - Of the available options. This “secure” area will actually allow “dispensation” to the patient.
 - By my nurse herself. The same nurse who will monitor me on camera, and or be within the room with me.
- Where it will be “allowed” for dispensing/usage during my admittance + testing.
- Dr. Pittman will talk to me Friday, afternoon. Post-my Novel Covid-19 testing.

2020-10-19 Notes – Seizure that I had on 2020-10-10 10:30 pm~

- I spoke to Dr. Nicole Pittman about my previous seizure on,
 - 2020-10-10 10:30 pm~
- See my notes from 2020-10-10:
- Taken directly post-seizure/during-ish seizure.

10:00 pm~ to 10:30 pm~

- approximately (time)
- lying in bed
- freezing cold
- was having the seizures
- could not get up
- last thing I remember
- lying in bed stationary

10:30 pm~ mom hears bang

- approximately (time)
- me falling
- comes upstairs
- stays with me until I wake

11:10 pm~ to 11:21 pm

- Approximately (time)(1)
- Defined (time)(2)
- feel much better after having taken medicine
- at 10:40 pm~

- While eating downstairs:
 - talking to Jordan, Aaron, Runaku
 - easily and comprehending
 - conversation with them:
 - Playing monster hunter for switch (pre-world)
 - How it/and about it
 - Release schedule for future "switch exclusive" upcoming game.

Oct. 26th

Directions to Epilepsy Monitoring Unit (EMU) on Admission Day

7:30 am

GO STRAIGHT TO THE UNIT – DO NOT GO TO REGISTRATION

Enter the Medical complex from Tulane Avenue (see signs for parking), a few blocks toward Broad Street from the intersection of Tulane and Claiborne. The parking garage address is 2001 Tulane Avenue, New Orleans, LA 70112.

Turn RIGHT into garage parking and take elevator to the first floor.

GO STRAIGHT TO THE UNIT – DO NOT GO TO REGISTRATION

You will walk toward the main lobby and then go right into the hospital – just follow the signs to the ‘hospital’.

Enter the hospital, walk left and go to the end of the hall. Turn right at the end of the hall and follow the signs to TOWER 2.

- The tower signs are color-coded. Tower 2 is green.

Take the elevator to the 3rd floor, go right at the first hall and go to the Nurse’s station across from rooms 3266 and 3267 to let them know that you have arrived for inpatient monitoring.

***Call Dr. Nicole Pittman with any questions or changes in schedule.
