

Historical Records

Important - Please Read

MD Anderson upgraded its electronic health record system on March 4, 2016. Records created before that date are labeled “historical” for that reason.

The records you requested are available to access in MyChart. You can get help navigating MyChart by calling askMDAnderson at 877-632-6789 (option 5) to speak with a health information specialist. The askMDAnderson team answers calls:

Monday-Friday, 8 a.m.-11 p.m. CST

Saturday-Sunday-holidays, 8 a.m.-7 p.m. CST

Overview of Patient Historical Records

The details on this page display the patient's name. From this page you may select from the list of reports on the left panel to view your historical records. If you select to Close your Historical Record, you will return to your MyMDAnderson current Health Record.

Making Cancer History[®]

Test results may be subject to interpretation. All questions about results should be discussed at the next scheduled appointment. (Please contact your home clinic if you need to discuss results prior to your appointment.)

** All records are in Central Time (USA)
