## Appointments Updates

2020-09-08 2:00 pm

Dr. Monica Noya Santana

September 9th, 2020 2:00 pm

- Phone appointment follow-up
- Setting up "things" w/doctor.
- History/Research/Follow-up w/MD Anderson (treatment etc)
- The doctor want's to convene with her team. On 2020-09-08.
- W/phone appointment.
- Note:
  - Ensure that it's quiet on that day.
  - Ie don't schedule maintenance for 2020-09-08.
  - Regarding household
  - Doctor requires:
    - Time to perform in-depth research.
    - Into my medical history with "her" team.
    - Of (I assume residents/etc.).
  - Ensuring no issues occur w/my seizure threshold.
  - Ensuring no issues occur w/narcolepsy without cataplexy.
  - Ensuring no issues occur w/seizure threshold being "lowered".
  - Regarding the Narcolepsy without Cataplexy.
  - Ie reducing the efficacy of current Stimulant Therapy.
  - A noted concern.
  - B/c of previously used Cluster Migraine Headaches treatment.

- Pre-diagnosis of Narcolepsy without Cataplexy.
- Potential treatments for my Cluster Migraine Headaches.
- Discussed (ie new treatments):
- Since the previous specialist last seen in 2016~.
- 5 years, new types of treatments w/injections.
- That treat frequency and incidence of Cluster Migraine Headaches.
- Instead of just treating pain secondary to cause of migraines.
- As was "exhausted" as an option back in 2016~. B/c of my Narcolepsy.
- Spoke to Doctor briefly of new injections.
- Few I recognized as (from FDA) are current trials.
- Doctor will get back to me after "in depth research". On availability of these.
- I believe likely one would. As my insurance sent me info about it in the mail.
- Ie to ask my doctor about it. B/c its available in our state, or something.

Note (1):

- ASSUME
- Within next month, or so. I'll be required to go to UMC.
- For in-person w/neurology.
- For scans, etc.
- Before treatment can proceed.

Note (2):

- FYI, was told by Dr. Gonzales at last appt.
  - 2020-08-27 8:45 am
  - He'd need me to get an MRI. Around next appt w/him.
  - 2020-11-19 8:30 am
