Adolescent and Young Adult Cancer and Survivorship Program

by Ochsner Medical Center

Adolescent and Young Adult Cancer and Survivorship Program provides treatment for patients aged 15 - 39 with most types of cancer. Researchers are discovering that many of the cancers that occur in this age group are biologically different than those seen in other ages. In addition, these patients have different medical, psychological and social needs than younger and older patients and this program is designed to address these needs.

The program treat patients who are;

- Newly diagnosed
- Currently in treatment
- Cancer survivors

Services Provided Include;

- Pediatric oncology
- Adult oncology
- Urology/male infertility
- Gynecology/female infertility
- Psychosocial oncology
- Anxiety and post-traumatic stress counselling
- Social work
- Nutrition
- Fitness program with personal trainer
- Survivorship
