# Paasche

## AB AIRBRUSH

Paasche AB, for Artists, Illustrators, Designers and Retouchers when the finest detail is essential. Use only with the lightest of fluids.

## VJR AIRBRUSH Size 1 or 2

VJR and the V are perfect for detail, shading and tinging. Quick color changes are a feature. VJR can be used with either hand.

**V  
AIRBRUSH**  
Size 1 or 2

V and VJR give the smallest pattern only second to the AB. Both can be easily converted to a larger nozzle for heavier fluids.

**VL and VLS  
(VLS not shown)  
AIRBRUSH**  
Sizes 1, 3 or 5

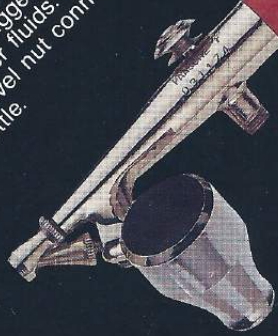

VL and VLS are both easily converted to larger nozzle sizes to effect bigger patterns with heavier fluids. The Double Action Finger Lever gives both Fluid and Air control in a single button. The VLS has a swivel nut connector for a bottle or hose.

**H and HS**  
(HS not shown)  
**AIRBRUSH**  
Sizes 1, 3 or 5

H and HS are the most popular Single Action Airbrushes. Perfect Hobby or Professional use. They inexpensively convert to larger nozzle sizes for bigger patterns and thicker fluids. The HS has a swivel nut connector for a bottle.

**F#1**  
**AIRBRUSH**

The F#1 is perfect for the beginner using relatively free flowing material. The F#1 operates almost the same as the H except on a smaller scale. Available in only one size. Inexpensive and very sturdy.

## AEC AIR ERASER

The AEC is a miniature sandblaster. It removes colors, can etch glass or mute precious metals. Used by the Dental Profession. The AEC uses AEX (Aluminum Oxide) Compound available in 6 oz., 5 lbs., 25 lbs. or 100 lbs. quantities.

## FP-1/32" FLOW PENCIL

The FP flows fluids onto flat horizontal surfaces needing decorative trim. Shipped complete with four nibs creating widths of 1/32", 1/16", 3/64", and 1/64". See HAPK and SSTK Kits on next page.

## AIR HOSE for the AIRBRUSH Order Air Hose by length.

A-1/8" Braided Air Hose with Couplings to fit Airbrush and Standard Compressors. Available in length of 4', 6', 8', 10', 12' upwards to 50'.
