Excellent dr. Solved my life long sinus problems. Continually checks to make sure sinus remains open. Very professional yet caring. I am 71 yrs old and suffered for many years before being referred to Dr. Mc Laughlin. I highly recommend him!

Dr McLaughlin solved my daughter's sinus problems after other Drs had done 3 sinus surgeries. He is THE sinus expert in Louisiana. Patients are also referred to him from other states. You might have to wait longer, but he will take the time to explain things so that you understand.

He rushes, does not listen to the ER, treats the patient like an idiot, and is full of himself. I've worked in the medical field for almost 20 years and have never encountered such a jerk. I do not recommend him at all.

Spends all the time needed to explain your condition, options for treatment, and is an outstanding surgeon. His bedside manner is excellent. When appropriate, he provides outstanding after hours support. It is true that his afternoon appointments run late more

often than not, but only because he will spend all the time necessary with a patient. He will not be rushed!

Dr McLaughlin is one of the best doctors I have ever used in my life. He is an expert in dealing with sinus issues and is the most detailed doctor I have ever used. He explains everything completely and wants to make sure that his patients understand what he is doing. I have had sinus issues for thirty years and after undergoing surgery under his expert hands, I am feeling much better. I recommend him highly to anyone looking for the best ENT doctor in this state! He is simply an expert!
