To Dr. Weiss/Dr. Weiss Office,

On 10/23/18 I corresponded with Mrs. Grinasha surrounding my application for Long Term – Personal Care Services (LT-PCS). This through the Louisiana Department of Health Aging and Adult Services.

I had sent a pdf, with letter, of their required “MedDet” form. For completion by Dr. Weiss. Then sending to the state for my application.

Recently the state has denied my application. Stating that,

“We have not received the MedDet form that helps us decide if you meet one of the above requirements; therefore we cannot make a determination and have decided that you do not meet any of the requirements listed above.”

- See 1st attachment, “Denial of Long Term – Personal Care Services (LT-PCS)”. Location bottom of page, circled, w/arrow pointing. For the Dept of Health’s statement.
- Attached afterwards is referenced 10/23 email correspondence. Preceding a copy of the originally attached form.

Please fax another completed “MedDet” form to the LDHAA.

Denial of Long Term - Personal Care Services (LT-PCS)

LOCET Completed on: 10/15/2018

You recently asked for Long Term - Personal Care Services (LT-PCS). YOU HAVE BEEN DENIED THESE SERVICES.

ONE of the requirements to get LT-PCS is that your mental or physical condition will very likely get worse unless you receive services, either at home or in a nursing home, within the next 120 days.

You can prove this by showing that:

- You are in a nursing home and could go home if services were available at home; OR
- You are likely to need to go into a nursing home in the next 120 days; OR
- The main person who helps you with daily activities has a disability or is age 70 or over.

Based on answers to questions that were asked of you or someone acting for you gave in a telephone interview on 10/15/2018, we determined that (1) you were not already living in a nursing home and (2) that you did not meet ANY of the above.

We sent you a letter dated 10/16/2018 saying that we needed information from your doctor, and/or verification of your primary caregiver's age or disability to help us make a final decision about whether you meet any of the above.

We have now received and reviewed that information and have decided that you do not meet any of the requirements listed above.

We have not received the MedDet form that helps us decide if you meet one of the above requirements; therefore we cannot make a determination and have decided that you do not meet any of the requirements listed above.

Thanks I appreciate it.

Also, has Dr. Weiss been able to write that prescription for me yet? To fax to Walgreens?

As I'm out of my medication now.

Good Morning Jeffrey,

Sure Thing, I'm Sending It To Her Now. I'm Also Going To Print It Out So She Can Have A Hard Copy When She Returns Back From Her Trip.

Have A Great Day! ☺
