

Patient:
Jeffrey Thomas Bodin

2019-08-21 Dr Pelaez - Appointment Notes

- First appointment 08/21/19

Notes:

1. Ask about Narcolepsy treatment

- Dr Connelly, Wakefield ENT was willing, eager, to treat at potential 40mg, 30mg constant dose in June 2017. First discussion around July 2016.
- SLENT, done in Monteville, LA

2. Ask "ear wax" surgery / ENT procedure.

- To clean ears supposed to have done 1 yr.
- Patient had done since July 2017.
- Wax builds up greatly affects hearing. Can't notice difference since it's been as so for effectively years.
- "Debrox" doesn't work, does nothing at repeated June 2018 + Spring 2018.
- It made a very noticeable difference to have the procedure.
- Used to have saline cleaning every yr for 2010-2011+.
- Had surgery voluntarily procedure done with Connelly in June/July 2017. SLENT

3. Migraines

- Ask for migraine relationship to ENT
- can't

3. Migraines

- Speak of great direct relationship to sound/vibrations. This long understood. Seeking possible treatments knowledge for my "Cluster Migraine Headaches"
- 1st diagnosed Summer/Fall 2008 at MD Anderson Cancer Center/Hosp
- Indicated white on Interferon treatment for Stage 4 malignant [REDACTED] Amelotric Melanoma.
- Diagnosed March 2008, 10 yrs old, About 27.
- DOB: 5/22/97 for reference.
- All "preventative" medical treatments failed across longstanding decade of treatment.
- I.e. Amitriptyline, Topamax, Botox Injection Therapy, many others.
- * -- Would like to attempt treatment/exploration options for diminishing sound etc. Or any related known options w/ Dr. Pelaez.

Narcolepsy Notes

- ENT who offered/proposed to continue treating my Narcolepsy in past.
- Note - Isn't current treating physician.
Current is Dr. Weiss, Psychiatrist. Who wishes to facilitate future treatment w/other more experienced specialists.
- Current "30mg" dose is based on last treatment amounts, fall 2017. Before changing back to 40mg planned treatments. Post-removal post-fall 2016 "2nd opinion" MSLT Sleep Study at MD Anderson.
- Insurance change caused cessation of potential treatments w/Dr. Connolly + Neurologist of time period.
