

2019-09-04 Primary Care Appt Scheduling

Notes:

- Number given to call to make appt w/Dr. Holt-Rogers
 - Given on 8/21/19 by Dr. Laura Pelaez's staff/nurse.
 - Taken from this large hosp directory that she had out in front of herself.
 - Giving me this info that nurse who had brought me into the offices initially.
 - Gave info in passing, quickly, as to complete earlier promise of giving me Holt-Rogers info.
 - This nurse was the one to initially recommend her.
 - So she was one to fulfill earlier promises and give the info. At time that I was sitting there at end of appt. In "discharge" or in "being discharged".
 - Staff referred to this in passing as "discharge". Which is UMC's/seems to be their ending thing sitting down to make new appointment and such.
