

Image of the beast.

Why is the image of the beast erected? What does the Image of the beast represent? What is it?

If you notice the movements occurring for people to take down Statues of historical figures of people that they feel dont represent them. They use “Race, hatred, islamaphobia, homophobia” as excuse.

More than 160 monuments and memorials to the Confederate States of America (CSA; the Confederacy) and associated figures have been removed from public spaces in the United States, all but five since 2015. Some have been removed by state and local governments; others have been torn down by protestors. More than 700 such monuments and memorials have been created on public land, the vast majority in the South during the era of Jim Crow laws from 1877 to 1964. Efforts to remove them increased after the Charleston church shooting in 2015, the Unite the Right rally in 2017, and the murder of George Floyd in 2020

These people are who will be accepting the Image of the beast that is dedicated to the beast in his honor.

The beast is believed to recieve a head wound and lives and dedicate statue to him.

Rev 13:3 And I saw one of his heads as it were wounded to death; and **his deadly wound was healed:** and **all the world wondered after the beast.**

This causes the world to marvel at the beast.

The False Prophet then has an image of the beast to be made in his honor.

Rev 13:12 And he exerciseth all the power of the first beast before him, and causeth the earth and them which dwell therein to worship the **first beast, whose deadly wound was healed.**

Rev 13:14 And deceiveth them that dwell on the earth by the means of those miracles which he had power to do in the sight of the beast; **saying to them that dwell on the earth, that they should make an image to the beast, which had the wound by a sword, and did live.**

This image of the beast is erected in homage to the beast and is presented to the world.

The excuse will likely be that the beast recieved a head wound because of intolerance, religious extremism, homophobia, islamaphobia, racism and hate speech and that the image of the beast represents all people for tolerance because beast was wounded because of standing for all these principles.

This is the image that will be deemed that can represent all people.

The 3D Haulogram image of the beast dedicated that will be ran by AI and will be ingested with Islam and will speak the pure way of Islam on what Islam teaches enforcing the Sharia and blasphemy speech code.

Rev 13:15 And he had power to give life unto the image of the beast, that the image of the beast should both speak, and cause that as many as would not worship the image of the beast should be killed.

### **How to use artificial intelligence (AI) to preach Islam?**

Using AI to preach Islam can involve leveraging technology to reach a wider audience and provide educational and informative content. Here are some steps you can take:

### **First look: Civil rights group starts center to monitor AI for hate speech**

A prominent civil rights group is launching a center to investigate how artificial intelligence affects civil rights, fosters racism and spreads bigotry.

Why it matters: The center comes amid rising concern that AI may fuel racism and more antisemitism in the U.S. by amplifying bias from human-generated content on the internet.

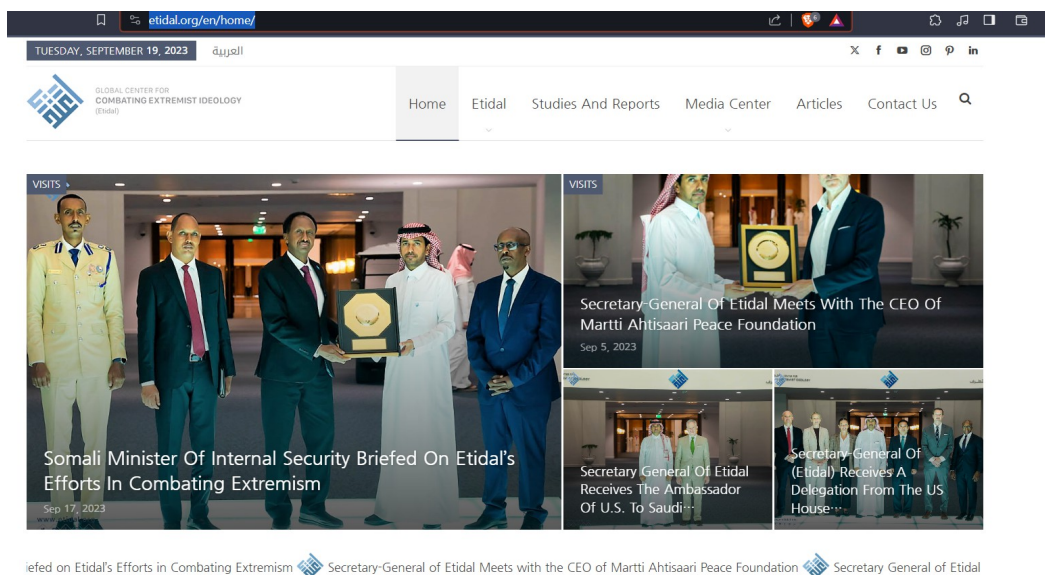

Details: The Leadership Conference on Civil & Human Rights (LCCHR), one of the nation's largest and oldest civil rights coalitions, will announce Thursday the creation of the Center for Civil Rights and Technology <https://www.axios.com/2023/09/07/ai-hate-speech-racism-civil-rights-group>

The Blasphemy speech code of the United Nations Resolution 16/18 that is promoted by the Organization of Islamic Conference is part of what will be framework for the international blasphemy law in which it will be the principles which the image of the beast represents made in homage and those who violate those codes will suffer the punishment for the violations to "Eradicate" all forms of hate by enforcing their blasphemy code.

16/18 Combating intolerance, negative stereotyping and stigmatization of, and discrimination, incitement to violence and violence against, persons based on religion or belief

They will use the Etidal in Saudi Arabia to track down and locate people who violate the speech code or who are saying this is the mark of the beast or this is the false prophet or Antichrist and they will target them using the AI that is linked to the Image of the beast. All under the excuse of combating Extremism.

These speech code violations will be deemed a blasphemy law violation for saying things that are against Islamic law like saying Yeshua is the Son of God, or God in the flesh or declaring that the Quran is false that Islam is from the devil or that mohamed is a false prophet.

Those in violation of this punishment will be beheaded. Combating extremists is the key excuse they will use.

This is why we see people beheaded for the image of the beast and testimony of Yeshua in the end.

Rev 20:4 And I saw thrones, and they sat upon them, and judgment was given unto them: and I saw **the souls of them that were beheaded** for the witness of Jesus, and for the word of God, and **which had not worshipped the beast, neither his image**, neither had received his mark upon their foreheads, or in their hands; and they lived and reigned with Christ a thousand years.

The image of the beast is their statue of a man who represents them all on behalf of the world.

They will be for eradicating what they view as intolerance and hatred by using blasphemy to get authority.
